Order

9 On October 28, 2024, Defendants filed a status report regarding Plaintiff's medical
10 appointments in October. (ECF No. 35.) The medical records concerning those appointments ((1)
11 an October 7, 2024, appointment with ophthalmologist Dr. Wolff; and (2) October 16, 2024,
12 cardiology appointment notes were submitted *in camera*. A notice of *in camera* submission was
13 not filed. It is unclear why these documents were submitted in camera, and not with a motion for
14 leave to file them under seal. *See* LR IA 10-4 versus LR IA 10-5.

15 Compelling reasons exist for filing these medical records *under seal*, but there is no
16 reason for them to have been submitted *in camera*. Within **7 days** of the date of this Order,
17 Defendants shall file under seal the exhibits that were submitted *in camera*. Plaintiff should be
18 given an opportunity to review these records by sending a request to the warden in accordance
19 with NDOC regulations.

20 **IT IS SO ORDERED.**
